Item Name

Pressure Washer - Electric

Item #

213 613

AR Blue Clean 6 Series 613

- **Extremely versatile high pressure washer:** it can be used on its own, mounted on the special two-wheeled trolley for easier transport, or hung on a wall using the special mounting unit
- **High performance professional high pressure washer** thanks to its powerful, quiet running and reliable induction motor
- **Built with very high quality materials** like the brass pump head and equipped with professional level accessories: 10 metre reinforced hose, trigger gun with brass thread connection and metal lance.
- **The pump pressure is displayed** on the special pressure gauge and it can be regulated based on the cleaning job to be performed

Technical specifications:

- Pressure 2175psi
- Flow 8.3L/min
- Power 2.5kw
- Speed 2800 rpm
- Voltage 240V
- Outlet 10amp (fitted)
