HH4021 Industrial Petrol - Honda 4000psi / 21LPM

Part Number: 00HH4021

Water blasters don't get much more rugged than this...Mounted in an industrial roll frame to protect your asset from accidental damage this unit comes with a lifting point so it can be hoisted easily in and out of vehicles. The industrial GX690 Honda motor is coupled to a low speed Italian pump to provide consistent high pressure and flow so you can get your cleaning work done quicker. Putting out an impressive 4000psi and 21 l/min this water blaster is ideal for industrial wash down and maintenance work. The robust, high quality nature of this unit means you can rest assured it won't let you down! The HH4021 water blaster is a worthy investment for anyone in the contract cleaning business

SPECIFICATIONS

Flow: 21 lpm
Motor Type: Petrol
Motor Manufacturer: Honda
Motor Power: 20HP
Pump Make: Hawk Pumps
Pump Speed: 1750 RPM
Max Temperature: Cold Water
Hp Hose Type: 3/8 in two wire braid
Hp Hose Length: 10m
Fuel Tank Size: 11L
Frame Type: Industrial Roll Frame
Wheels: 2
Weight: 95kg

FEATURES

Top of the range PSI and water flow volumes - these industrial pressure washers are ideal for industrial wash down and maintenance work
Mounted in an industrial roll frame for protection in the most rugged environments
Includes lifting point for hoisting into and out of vehicles
Low speed motor for consistent high pressure
Electric start Honda V twin 20HP industrial motor
12 V Battery
Thermal dump valve
Heavy duty by-pass valve, pressure gauge and filtration on all fittings
Flow, pressure and layout/mounts can be customised to suit your needs
One year commercial warranty
