## HH5020 Industrial Petrol - Honda 5000psi / 20LPM

Part Number: 00HH5020

The Honda HH5020 5000psi petrol water blaster has massive cleaning power, with 5000 PSI and a water volume of 20lpm. The unit has a GX690 Honda electric start engine coupled with an Italian low speed pump on a heavy duty hot dipped galvanized frame, as well as 4 12" pneumatic wheels giving fantastic manoeuvrability over rough terrain. This water blaster is manufactured in Australia to meet the high standards of professional contracting, building and plumbing industries. The quality componentry that make up these water blasters mean they are built to last and can handle heavy duty use associated with these industries. Kerrick can custom-build these pressure cleaners up to 200 litres+ per minute that can be skid, trailer, truck or ute mounted

### SPECIFICATIONS

**Flow:** 20 lpm  
**Motor Type:** Petrol  
**Motor Manufacturer:** Honda  
**Motor Power:** 24HP  
**Voltage:** Single Phase 230-240V 50Hz  
**Pump Make:** Hawk Pumps  
**Pump Speed:** 1725 RPM  
**Max Temperature:** Cold Water  
**Hp Hose Type:** 3/8 in two wire braid  
**Hp Hose Length:** 10m  
**Fuel Tank Size:** 11L  
**Frame Type:** Galvanised, roll over  
**Wheels:** 4  
**Weight:** 95kg

### FEATURES

Top of the range PSI and water flow volumes -  
these industrial pressure washers are ideal for industrial wash down and maintenance work  
Mounted in an industrial roll frame for protection in the most rugged environments  
Includes lifting point for hoisting into and out of vehicles  
Low speed motor for consistent high pressure  
Electric start Honda V twin 20HP industrial motor  
12 V Battery  
Thermal dump valve  
Heavy duty by-pass valve, pressure gauge and filtration on all fittings  
Flow, pressure and layout/mounts can be customised to suit your needs  
One year commercial warranty
