EI3021CW Electric 415V Auto Stop/Start

Putting out an impressive 200 bar with a flow of 21l/min dirt and debris is blasted away in no time at all, making it ideal for industrial applications where time is money. Features include automatic stop/start function, a slow speed pump, heat dispersing coupling and mounting plate for a high pressure hose reel. The heavy duty corrosion resistant frame is wheel mounted and comes with a handle to allow easy movement. The frame also comes with a convenient lifting point which allows the pressure washer to be moved in and out of vehicles using a forklift or material handling lift.

- Compact, industrial high pressure washers designed specifically for the Australian market
- Portable, easy to use and versatile
- Zinc coated 4 wheel frame
- Low speed motor
- Flex coupling drive between pump and motor
- Heavy duty brass pump and unloader valve
- Mounting plate for a high pressure hose reel
- Thermal protection valve
- Gun with brass swivel
- Delayed stop and restart via trigger activation
- One year commercial warranty

SPECIFICATIONS

Pump Pressure bar/psi 210/3000
Pump Speed RPM 1440
Water Flow L/min 21
Maximum Temperature Degrees Celcius Cold Water
Input V/~Hz/A 400/3/50/18
Pistons Ceramic
Power Consumption kW 7.5
Hose Length m 10
Hose Type 3/8 inch two wire braid
Frame Type Powder Coated
