Maer Hot Water High-Pressure Cleaner Master 150/15

Item #

108 Master 15015

Features:

- Painted steel structure with stainless steel panels.
- Flame control photocell.
- Delayed total stop with leakage control.
- Automatic by pass valve.
- Safety valve.
- Temperature adjustment thermostat (flow switch and pressure switch).
- Stainless steel High Efficiency vertical boiler Ventilation by independent electric motor.
- Stainless steel water tank with floater to control the water level: machine stop in case of low level water.
- Electric antiscala.
- Flexible coupling between pump and B3-B14 motor.
- High pressure chemical suction.
- 24V Low tension electrical controls.
- Magnetothermic overload switch.

Performance:

- 15 L/min
- 2175 PSI
- 1450 RPM

Equipment:

STANDARD

- 10 m HP hose with quick coupling
- 120 cm lance
- Professional gun
- Stainless steel water nozzle
