Item Name

Cold Water High Pressure Washer Polar-15200

Item #

102 POLAR-15200

COLD WATER HIGH PRESSURE WASHER

Features:

Polar model is made for a professional use thanks to a water pump with head with eight anchor points, parts in contact with water in non-corrosive material, self-lubricating and antidrip seals, and ceramic pistons. All of that allow to have a great reliability and minimum maintenance.

- Stop automatic temporized
- Electric cable: 2.5m
- Motor-pump coupling direct

Technical data

- Pressure: 2900psi
- Flow: 15L/min
- Speed: 1450rpm
- Motor: 5.5kW / 7.5Hp
- Phase: 3
- Voltage: 400v
- Amp draw: 50Hz
- Temp.: 40°C
- Pump: NMT1520 - WA201
- Detergent: 8L
- Weight: 60kg
